

**FRIENDS OF THE BERNARDSVILLE PUBLIC LIBRARY  
ANNUAL LETTER**

The past year has brought many changes to the world, to the nation and to Bernardsville. Despite the economic upheaval and the strains it has caused, the Friends of the Bernardsville Public Library want you to know that you can count on your library to be there for you.

Thanks to those donors listed below, the Library continues to provide a wealth of books, audiovisual materials, technological upgrades, programs and services to all patrons. As a result of these exceptional offerings, Bernardsville Public Library was recently honored as the best for our population size in New Jersey and second in the state overall.

In a strained economy, we know that people turn to the library more than ever for job searches, family programs, books and more. We sincerely hope that we can count on your continued support as we work to ensure that every dollar is applied where it is needed most.

Tom Shea, President, Friends of the Bernardsville Public Library

**The 2009-2010 annual fund drive is on!**

To maximize funding for the library, the Friends are no longer sending a separate donation request to area residents. Thank you for your support!
