BOROUGH OF BERNARDSVILLE PUBLIC LIBRARY

PART I

FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULES

YEAR ENDED DECEMBER 31, 2015
Independent Auditors' Report

The Board of Trustees of the
Borough of Bernardsville Public Library
Bernardsville, New Jersey

Report on the Financial Statements

We have audited the financial statements – regulatory basis - of the various funds of the Borough of Bernardsville Public Library, (the “Library”) in the County of Somerset, a component unit of the Borough of Bernardsville, as of and for the year ended December 31, 2015, and the related notes to the financial statements, as listed in the foregoing table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the “Division”) to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Library’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by the Library on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America the financial position of the Library as of December 31, 2015, or the changes in financial position thereof for the year then ended.

**Basis for Qualified Opinion**

The Library's general fixed assets account group is stated at historical cost or estimated historical cost in the accompanying financial statements. We were unable to obtain sufficient evidence to support the cost of the fixed assets of the general fixed assets account group. As more fully described in Note 1, due to the length of time over which these fixed assets were acquired, it is not practical to determine their actual costs. Therefore, based upon the underlying accounting records, we have not audited the general fixed assets account group.

**Qualified Opinion on Regulatory Basis of Accounting**

In our opinion, except for the effects on the December 31, 2015 financial statements of the matter described in the *Basis for Qualified Opinion* paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds of the Library as of December 31, 2015, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended on the basis of the accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

**Emphasis of Matter**

As discussed in Note 2 to the financial statements, the Library implemented Governmental Accounting Standards Board ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68* during the year ended December 31, 2015. Our opinions are not modified with respect to this matter.
Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Library’s financial statements. The supplementary data schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") and New Jersey’s OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the various funds financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various funds financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 23, 2016 on our consideration of the Library’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Library’s internal control over financial reporting and compliance.

**THE ACCOMPANYING NOTES TO FINANCIAL STATEMENTS ARE AN INTEGRAL PART OF THIS STATEMENT**
BOROUGH OF BERNARDSVILLE PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2015

Note 1: Summary of Significant Accounting Policies

The accounting policies of the Borough of Bernardsville Public Library (the "Library") conform to accounting practices applicable to enterprise funds of municipalities as prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. The more significant policies follow:

Reporting Entity - Governmental Accounting Standards Board ("GASB") Codification of Government Accounting and Financial Reporting Standards, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America. The Library is a component unit of the Borough of Bernardsville under the provisions of Governmental Accounting Standards Board Codification Section 2100.

Revenue and Expenditures - Revenue and support is recorded when received in cash except for certain amounts which may be due from the State of New Jersey or from municipal budget appropriations, which are recognized on the accrual basis. Expenditures are charged to operations generally on the accrual basis. Obligations for accumulated unused vacation and sick pay are not recorded in the financial statements. The cost of supplies and other items, which would otherwise be considered inventory and recorded as assets, are treated as expenditures and charged to operations.

Per Capita State Library Aid - Decisions on the use and expenditure of per capita State Library Aid rest with the Board of Trustees of the Library. This aid is received on an annual basis, usually in November. It is the Board's policy to use the current year's State Aid as part of the supporting funds for the year's operation. The only restriction placed on the use of State Library Aid is that it must be expended within two years of receipt.

Fixed Assets (Unaudited) – General fixed assets are recorded at historical cost or estimated historical cost. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve and extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a reserve titled "Investment in General Fixed Assets". When properties are retired or otherwise disposed off, the asset and the reserve are adjusted accordingly. Fixed Assets are reviewed for impairment.

Contributed Facilities - The Library occupies, without charge, premises located in government-owned buildings. The estimated fair rental value of the premises is not reported as support and expense in the period in which the premises were used.
Note 1: **Summary of Significant Accounting Policies (Cont'd)**

**Collections and Books** - Collections and books, which are held for display and/or study and are available for general public use, are recorded as operating expenditures at the time of purchase. Donated collections and books are not recorded at their fair market value when donated.

**Fund Accounting** - To ensure observance of limitations and restrictions placed on the use of resources available to the Library, the accounts of the Library are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. Accordingly, all financial transactions have been recorded and reported by fund group. Had the Library's financial statements been prepared under accounting principles generally accepted in the United States of America the Library's net pension liability and related deferred inflows and outflows would be recorded.

**Cash and Cash Equivalents** - Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

**Investments** – Investments are stated at cost or amortized cost, which approximates market.

**Employee Retirement/Benefits Fund Balance** – The Board of Library Trustees has designated funds to be used for accrued vacation to be paid at termination provided the employee has provided proper notice. Funds have also been reserved to be used when qualifying employees unexpectedly decide to enroll for medical insurance.

**Light Bulb Reserve** – The Board of Library Trustees has designated funds to be used for the changing of all light bulbs in the Library simultaneously. This is scheduled to be performed every three to four years.

**Computer Reserve** – The Board of Library Trustees has designated funds to be used for the purchase of replacement computers or repair of existing computers if no funding is granted for this purpose by the Borough of Bernardsville or Friends of the Library.

**Conference Reserve** – The Board of Library Trustees has designated funds to be used for the Library Director to attend major conferences every few years.

**Staff Development Reserve** – The Board of Library Trustees has designated funds to be used for the enhancement of professional skills and knowledge.

**Hurricane Sandy Reserve** – The Board of Library Trustees has designated funds to be used for expenses delayed because of the hurricane.

**Restricted Fund** – The Board of Library Trustees has accepted funds restricted to be used for specific projects.

Note 2: **Pension Plan**

Library employees are enrolled, through the Borough and participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employee's Retirement System (PERS); or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a). PERS and DCRP do not maintain separate records for Library employees from Borough employees.
Note 2: Pension Plan (Cont’d)

A. Public Employees’ Retirement System (PERS)

Plan Description

The State of New Jersey, Public Employees’ Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division’s Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<table>
<thead>
<tr>
<th>Tier</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Members who were enrolled prior to July 1, 2007</td>
</tr>
<tr>
<td>2</td>
<td>Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008</td>
</tr>
<tr>
<td>3</td>
<td>Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010</td>
</tr>
<tr>
<td>4</td>
<td>Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011</td>
</tr>
<tr>
<td>5</td>
<td>Members who were eligible to enroll on or after June 28, 2011</td>
</tr>
</tbody>
</table>

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 50 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing members. The local employers’ contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Borough contributions to PERS amounted to $385,723 for 2015. The employee contribution rate was 6.92% effective July 1, 2014 and increased to 7.06% effective July 1, 2015.
Note 2: Pension Plan (Cont’d)

A. Public Employees’ Retirement System (PERS) (Cont’d)

Contributions (Cont’d)

Increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

Pension Liabilities and Pension Expense

At June 30, 2015, the Borough’s liability was $10,056,497 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. The Borough’s proportion of the net pension liability was based on a projection of the Borough’s long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2015, the Borough’s proportion was 0.0448%, which was a decrease of 0.003% from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the Borough recognized actual pension expense in the amount of $385,723.

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions:

<table>
<thead>
<tr>
<th>Inflation Rate</th>
<th>3.04%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Salary Increases:</td>
<td></td>
</tr>
<tr>
<td>2012-2021</td>
<td>2.15 – 4.40% based on age</td>
</tr>
<tr>
<td>Thereafter</td>
<td>3.15 – 5.40% based on age</td>
</tr>
<tr>
<td>Investment Rate of Return</td>
<td>7.90%</td>
</tr>
</tbody>
</table>

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback one year for females) are used to value disabled retirees.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries.
Note 2: Pension Plan (Cont’d)

A. Public Employees’ Retirement System (PERS) (Cont’d)

Long Term Expected Rate of Return (Cont’d)

The long-term expected rate of return was determined using a building block in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS’ target asset allocation as of June 30, 2015 are summarized in the following table:

<table>
<thead>
<tr>
<th>Asset Class</th>

</tr>
</tbody>
</table>

Discount Rate

The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9% and a municipal bond rate of 3.80% as of June 30, 2015 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033.
Note 2: Pension Plan (Cont’d)

A. Public Employees' Retirement System (PERS) (Cont’d)

Discount Rate (Cont’d)

Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Borough's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Borough's proportionate share of the collective net pension liability as of June 30, 2015 calculated using the discount rate as disclosed below, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

</tbody>
</table>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

B. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the Borough recognized pension expense of $-0- for the year ended December 31, 2015. Employee contributions to DCRP amounted to $-0- for the year ended December 31, 2015.
Borough of Bernardsville Public Library
Notes to Financial Statements
Year Ended December 31, 2015
(Continued)

Note 3: Commitments and Contingencies

The Library is periodically involved in various lawsuits arising in the normal course of the Library’s operations including claims for property damage, personal injury and various contract disputes. The Library is unaware of any such litigation or claims as of the date of these financial statements relating to the year ended December 31, 2015.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Library as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Library officials expect such amounts, if any, to be immaterial.

Note 4: Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Library did not hold any investments during the year.

GASB Statement No. 40, Governmental Accounting Standards Board Deposit and Investment Risk Disclosures, requires the disclosure of the level of custodial credit risk assumed by the Library in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of bank failure, the government’s deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Library ensures that any deposit or investments matures within the time period that approximates the prospective need for funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Library limits its investments to those authorized in the cash management plan which are permitted under state statute as detailed below.

Deposits:

New Jersey statutes require that Libraries deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other agency of the United States that insures deposits made in public depositories.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds; and

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than $25,000,000. As of December 31, 2015, cash and cash equivalents of the Library consisted of the following:
Note 4: **Cash and Cash Equivalents and Investments** (Cont’d)

**Deposits:** (Cont’d)

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>$200</td>
<td>$153,310</td>
<td>$153,510</td>
</tr>
</tbody>
</table>

As of December 31, 2015, the carrying value of the cash and cash equivalents of the Library was $153,510 and the bank balance was $203,479.

**Investments:**

New Jersey statutes permit the Library to purchase the following types of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds;
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
5. Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
6. Local government investment pools;
7. Deposits with the State of New Jersey Cash Management Fund; or
8. Agreements for the repurchase of fully collateralized securities if:
   (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
   (b) the custody of collateral is transferred to a third party;
   (c) the maturity of the agreement is not more than 30 days;
   (d) the underlying securities are purchased through a public depository as defined in statute; and
   (e) a master repurchase agreement providing for the custody and security of collateral is executed.
Note 5: **Fixed Assets (Unaudited)**

<td>$ 1,171</td>
<td>$ 6,525</td>
<td>$ 559,979</td>
</tr>
</tbody>
</table>

Note 6: **Risk Management**

The Borough of Bernardsville maintains insurance policies which cover the Library as well. The Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough obtains its health benefit coverage through the State of New Jersey Health Benefits Plan.

The Borough of Bernardsville is currently a member of the Suburban Municipal Joint Insurance Fund (the “Fund”). The Fund provides its members with Auto, Liability, Property, Workers’ Compensation and Public Officials’/Employment Practices Liability Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self administered group of governmental entities established for the purpose of providing low-cost insurance coverage for its members in order to keep local property taxes at a minimum.

Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

As a member of this Fund, the Library could be subject to supplemental assessments in the event of deficiencies of the Fund that are assessed to the Borough. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund’s liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. The members may either receive payment or offset their subsequent year assessments with their respective share of the distribution.

Summarized, selected financial information of this Fund as of December 31, 2015 is as follows:

<p>| | |</p>
<table>

</tr>
</tbody>
</table>
Note 6: Risk Management (Cont’d)

Financial statements for the Fund are available at the offices of the Fund’s Executive Director:

PERMA Risk Management Services
9 Campus Drive, Suite 216
Parsippany, NJ 07054
(201) 881-7632

Note 7: Economic Dependency

The Library receives a substantial amount of its support from local and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Library’s programs and activities.

Note 8: Potential Transfer of Excess Surplus

Pursuant to N.J.S.A. 40:54-15(A), municipal free public libraries are required to submit to their respective municipalities an annual report which identifies any excess funds that the Library Board will approve for transfer to said municipality as miscellaneous revenue, pending approval by the State Librarian. The law stipulates that any remaining undesignated or unrestricted fund balance which is greater than twenty percent of the prior year's actual library's expenditures is considered to be excess surplus. The designation/restriction of fund balance is done most commonly for A) future capital needs as identified in the library’s strategic and technology plans, B) current year fund balance anticipated as revenue in the library's subsequent year's budget and C) externally restricted gifts or endowments.

The Library Board of Trustees forwards to the State Librarian for their approval, a resolution of intent, a proposed transfer sheet, the most recent available audit and a 3, 4 or 5 year plan of library service charting the library’s direction for the future. Since all of these steps will be performed subsequent to the issuance of the annual audit, no determination of excess surplus has been included in the year ended December 31, 2015 financial statements.

Note 9: Accrued Sick, Vacation and Compensatory Time Benefits

The Library permits employees to accrue a limited amount of unused sick, vacation and compensatory time pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate $16,800 at December 31, 2015. This amount is not reported either as an expenditure or a liability. However, it is expected that the cost of such unpaid compensation would be included in the Library’s budget operating expenditures in the year in which it is used.

Note 10: Related Party Transactions

The Library realized $897,085 as support from the Borough of Bernardsville for 2015.
Note 11: Long-Term Debt

Net Pension Liability

The State of New Jersey Public Employees’ Retirement System’s (PERS) net pension liability was calculated to be $10,056,497 for the Borough at June 30, 2015. See Note 2 for further information on the PERS.

SEE ACCOMPANYING NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
BOROUGH OF BERNARDSVILLE PUBLIC LIBRARY
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2015

A. Basis of Presentation

The accompanying schedules of expenditures of federal and state awards (the “Schedules”) includes the federal and state grant activity of the Library under programs of the federal and state governments for the year ended December 31, 2015. The information in these schedules is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (“Uniform Guidance”) and New Jersey's OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Because the schedules present only a selected portion of the operations of the Library, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Library.

B. Summary of Significant Accounting Policies

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. The Library has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

C. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.
Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards

Borough of Bernardsville Public Library
Bernardsville, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("the Division"), and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements - regulatory basis - of the various funds of the Borough of Bernardsville Public Library, (the "Library") in the County of Somerset, a component unit of the Borough of Bernardsville, as of and for the year ended December 31, 2015, and the related notes to the financial statements and have issued our report thereon dated June 23, 2016. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division’s regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Library’s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Library’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Library’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Library’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as Finding 2015-01, that we consider to be a significant deficiency.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Library’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Library’s Response to the Finding

The Library’s response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. The Library’s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Library’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Library’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
Summary of Auditors' Results:

- The Independent Auditors' Report expresses a qualified opinion on the financial statements of the Library prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as the general fixed assets account group was not audited.

- A significant deficiency was disclosed during the audit of the financial statements as reported in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards. No material weaknesses are reported.

- No instances of noncompliance material to the financial statements of the Library which would be required to be reported in accordance with Government Auditing Standards, were disclosed during the audit.

- The Library was not subject to the single audit provisions of the Uniform Guidance and New Jersey’s OMB Circular 15-08 for the year ended December 31, 2015 as both state and federal grant expenditures were less than the single audit thresholds of $750,000 identified in the Uniform Guidance and NJOMB 15-08.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

Finding 2015-01:

Segregation of Duties:

The Library does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to misappropriate funds and prevent detection within a reasonable period of time. Responsibility for recording cash receipts and disbursements, processing cash disbursements, and for reconciling bank accounts is assigned to one person. This is due, in part, to the limited number of Library personnel and the decentralized nature of cash receipts. Accordingly, management and the Library Board should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

Management’s Response

The finding was evaluated, and the Library will review and adjust policies and procedures to improve segregation of duties as much as possible considering the limited resources of the Library.

Findings and Questioned Costs for Federal Awards:

- Not applicable since federal expenditures were below the single audit threshold.

Findings and Questioned Costs for State Awards:

- Not applicable since state expenditures were below the single audit threshold.
BOROUGH OF BERNARDSVILLE PUBLIC LIBRARY
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2015

The prior year finding related to Segregation of Duties was not resolved during the year ended December 31, 2015 and is included on the Schedule of Findings and Responses.
BOROUGH OF BERNARDSVILLE PUBLIC LIBRARY

PART III

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2015
Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-3 states:

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of $17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to $25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest $1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: “Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder.”

Effective January 1, 2011 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 is $17,500, and with a qualified purchasing agent the threshold may be up to $36,000 through June 30, 2015 and $40,000 thereafter with a Qualified Purchasing Agent (QPA).

The governing body of the Borough of Bernardsville Public Library has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S. 40A:11-5.
Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4 (Cont’d)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

N.J.A.C. Accounting Requirements

The Division has established three (3) accounting requirements which are prescribed in the New Jersey Administrative Code. They are as follows:

1. Maintenance of an encumbrance accounting system
2. Fixed assets accounting and reporting system
2. General ledger accounting and recording system

The Library is in compliance with these 3 accounting requirements.

Management Suggestions

Cyber Security

Cybercrime has become much more prevalent in the last few years. Websites and internal networks, including personally identifiable information ("PII"), have been hacked and resulted in significant losses to organizations, both financial and reputational. We suggest that the Library consider options to test and protect the Library from cybercrime.

Independent Contractors

The Library should consider reviewing the status of "Independent Contractors" utilized by the Library with Internal Revenue Service guidelines for determination of employment status. The IRS has been reviewing employers, including governments, to determine compliance. A proactive approach may help to minimize or eliminate potential penalties related to incorrect employment status determination.

Status of Prior Year Recommendations

The Library filed a Corrective Action Plan to resolve comments and recommendations from the 2014 audit report. The recommendations is in the process of being implemented where possible.
BOROUGH OF BERNARDSVILLE PUBLIC LIBRARY
SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. Consideration be given to segregating financial recordkeeping duties.
