1 Library volunteer Donald Knudsen raised the issue of the abominable lighting in the library wings at the Borough Council meeting on January 28 and inquired into the progress of the capital request. Mayor Honecker described a request, to be spearheaded by himself and Tom Voss from the Environmental Commission, for a state energy and lighting audit from the BPU with the prospect of grants or other assistance. His statement made it clear that there will be no action on the library lighting for a long time. TT
